## Title of Your Paper (Bold 16-pt. Times New Roman)

A. Author<sup>1</sup>, B. Author<sup>2</sup> and C. Author<sup>2\*</sup> (Bold 12-pt. Times New Roman)

<sup>1</sup>Affiliation and full institutional address (12-pt. Times New Roman)

<sup>2</sup>Affiliation and full institutional address

\*Corresponding author: email address (12-pt. Times New Roman)

Keywords: Keyword1, Keyword 2, Keyword 3, Keyword 4 (12-pt Times New Roman).

**Introduction/Background:** This is a sample template and it should be followed in formatting the extended abstract. Please remember the following key points: a) type the body of the abstract in single column, single spaced lines and use 12-pt. Times New Roman Font (except for the paper title); b) provide section heading as shown in this template; c) references of cited literature should be identified in the main text using Arabic numerals in square brackets, like [1,2-4]; d) list references in numerical order of appearance at the end of the paper: e) references should be styled as given in this template; f) length of the abstract can be 2-3 pages.

Please email both PDF and MS word versions to wils2012@fc.ul.pt

Please provide brief introductory information in this section.

**Experimental/Analytical/Simulation:** A short summary of experiments/theories/simulations should appear in this section.

**Results and discussion:** Key results (e.g., graphs, figures or result tables with captions) and a succinct discussion of the findings should appear in this section.

**Summary/Conclusions:** Please provide a brief summary/conclusion of the paper.

**References:** Please use below reference style
